Notes to Financial Statement December 31, 2017

1 - ORGANIZATION AND BUSINESS

iDaytrade, Inc. d/b/a BrokerageSelect (the "Company") was incorporated on April 22, 1999 under the laws of the State of New York.

The Company is registered with the Securities and Exchange Commission ("SEC") as a broker-dealer pursuant to the Securities Exchange Act of 1934. The Company is a member of the Financial Industry Regulatory Authority Inc. ("FINRA").

The Company has an Agreement with a clearing broker to clear security transactions, carry customers' accounts on a fully disclosed basis, and perform certain recordkeeping functions. Accordingly, the company operates under the exemptive provisions of SEC Rule 15c3-3 under paragraph (k)(2)(ii).

2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

- a. Cash Equivalents The Company has defined cash equivalents as highly liquid investments, with original maturities of less than three months that are not held for sale in the ordinary course of business.
- b. Income Taxes The Company has elected to be treated as an S-corporation for federal and New York State corporate tax purposes, and as such, the stockholder is individually liable for federal and New York State income tax payments. The Company is subject to a New York City corporate income tax.

The Company has adopted FASB pronouncement ASC 740, Income Taxes, which clarified the accounting and disclosures for uncertain tax positions related to income taxes recognized in the financial statements and addresses the determination of whether tax benefits claimed or expected to be claimed on a tax return should be recorded in the financial statements. The Company may recognize the tax benefit from an uncertain tax position only if it is more likely than not that the tax position will be sustained upon examination by the taxing authorities based on the technical merits of the position.

The Company did not have any unrecognized tax benefits as of December 31, 2017 and does not expect this to change significantly over the next twelve months.

d. Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions. The estimates and assumptions affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

3 - RECEIVABLE FROM CLEARING BROKERS

The clearing depository operations for the Company's customers' securities transactions are provided by a clearing broker pursuant to a clearing agreement.

The clearing agreement requires that the Company maintain a \$50,000 clearing deposit as collateral against losses due to the potential nonperformance by its customers. The Company funds this deposit with a combination of cash held by the Company and personal security holdings pledged by the stockholder.

At December 31, 2017, the receivable from the clearing broker represented accrued commissions; cash deposits and money market funds, including \$25,046 in cash held by the Company as part of the clearing deposit.

4 - NET CAPITAL REQUIREMENTS

The Company is subject to the Uniform Net Capital requirements of the Securities and Exchange Commission (SEC Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, should not exceed 15 to 1. At December 31, 2017, the Company had net capital of \$23,466, which was \$18,466 in excess of its required net capital of \$5,000 and the Company's net capital ratio was 1.79 to 1.

5 - OFF-BALANCE-SHEET RISK

Pursuant to a clearance agreement, the Company introduces all of its securities transactions to a Clearing Broker on a fully-disclosed basis. All of the customers' money balances and long and short security positions are carried on the books of the Clearing Broker. In accordance with the clearance agreement, the Company has agreed to indemnify the Clearing Broker for losses, if any, which the Clearing Broker may sustain from carrying securities transactions introduced by the Company. In accordance with industry practice and regulatory requirements, the Company and the Clearing Broker monitor collateral on the customers' accounts.

In the normal course of business, the Company's customer activities involve the execution, settlement, and financing of various customer securities transactions. These activities may expose the Company to off-balance sheet risk in the event the customer or other broker is unable to fulfill its contracted obligations and the Company has to purchase or sell the financial instrument underlying the contract at a loss.

6 - RELATED PARTY TRANSACTIONS

The Company executes transactions for customers that are also customers of a registered investment advisor that is under common control of the Company's sole stockholder.

7 - SUBSEQUENT EVENTS

The Company has performed an evaluation of events that have occurred subsequent to December 31, 2017, and through February 24, 2018, the date this financial statement was available to be issued.
